HMS 2.5 Product Pricing

Sl no.	Particulars	Cost Estimation
1	Receiving the official acceptance of signed Letter of Engagement.	
2.	After initial training, hardware installation and hands on inception of software usage.	
3.	HMS 2.5 software license of usage with remote support and maintenance.	

This quotation is applicable for standalone unit at a specific location. For multi locations and vision centres different quote will be decided with mutual consultation. The proposed fees are not inclusive of additional expenses such as travel air fare, accommodation, subsistence, and local conveyance, and will be billed separately as per actual for onsite support. For any onsite request hospital management and Codepro team will decide mutual convenient schedule. Yearly more than one onsite support request will require consultancy fees for the required personnel.
